### **MUSIC ENRICHMENT COURSES FOR 5-14 YEAR OLDS**

**The Music Makers** has hosted inspirational music courses for four years, greatly acclaimed by parents and children alike.

**The Music Makers** seeks to deliver enrichment of learning through music, in courses for children of mixed ages in a secure and exciting environment. We are one of the few Music Schools that welcome absolute beginners with no musical experience, as well as the experienced musician. **Beginners** are enthused by our starter instrumental lessons and fun workshops, and the **more advanced** musicians will be challenged with innovative and exciting activities. To conclude each weekly course, all children get a chance to perform to their family and friends in our end of week concert to showcase their experiences, new skills... and new friends.

We have a highly experienced team of teaching staff, music assistants and technicians as well as childcare and healthcare professionals on site, who are all CRB checked.. Your children will have a professional and caring team delivering an inspiring music experience with the emphasis on excellence, enjoyment and fun during their school holidays.

".. All the staff were fantastic and their commitment and passion for music evident.."
